

Woodland Presbyterian School Dress Code Middle School

Woodland's dress code philosophy is intended to reflect the school's mission and values as a Christian educational community by providing a standard that creates a positive disciplined environment. A dress code policy allows students and staff to concentrate on instruction rather than peer pressure and competition which may cause distractions in learning. Woodland administration has the final determination of dress code compliance and reserves the right to modify the dress code. Failure to comply may require the parent to provide a change of clothes.
