

March 12, 2020

Good Evening Woodland Families,

As the information regarding the coronavirus continues to unfold and decisions regarding cancellations of events, colleges, universities, and local schools are rolling out each hour, Woodland has decided to not be open for students the week of March 16th – March 20th.

Due to the nature of the coronavirus, Woodland will re-evaluate school status on a week-by-week basis. We are making specific plans for the possibility of a closure that extends beyond March 20th. These are indeed unprecedented times, and this is not a decision that the school makes lightly. However, our community's health is something that must be considered.

Woodland's faculty and staff will be using Monday, Tuesday, and Wednesday to finalize our teaching and learning plans. Additional information regarding remote learning and other resources will be shared with you via email on Wednesday of next week. As I stated in my previous email, with the creative and talented group of teachers we have at Woodland, both teaching and learning will continue at a high level. As our mission states, we remain committed to academic excellence through an appropriately challenging curriculum no matter the circumstances.

Thank you for your support and prayers during this time.
