Woodland Presbyterian School

INCLEMENT WEATHER POLICY

Woodland Presbyterian School may close due to inclement weather or hazardous driving conditions. WPS follows the Shelby County Schools' closing policy for inclement weather **at the start of the school day,** unless otherwise notified. In most cases, local television channels will be notified if Woodland is closed in time for the 6:00 a.m. news. Parents may also check their email, website, and social media for updates.

If inclement weather develops **after the school day is in session**, Woodland administration will make a determination regarding school closing based on the most up-to-date, official forecasts. A notice of the closing and dismissal time will be posted on the school website and/or an email will be sent to parents if it is decided to close during the school day.

If school is dismissed during the school day, please pick your child up at his normal dismissal point at the announced time. School personnel will remain on campus until all students are picked up, but parents should be sensitive to the need for school staff to travel safely home as well by picking your child up as soon as possible.

In the event of a school closure, any tests, projects, or assignments with an assigned date for the day or days missed will be due on the first day back at school. If school closes during the day, students in upper grades are advised to take their books home in case of a multi-day school closure. They should check the school website and email for possible homework assignments. If the school closure is known ahead of time, students should bring home all books.

Whether school is closed for the full day or is closed during the day, all after school-related activities are canceled (After School Care, athletics, drama, meeting, etc.).

Parents are always asked to use their own discretion regarding travel in their own areas, even if school is not closed. Absences of students who cannot come to school due to unsafe driving conditions will be excused.
